New Jersey Youth Corps
of Sussex County
Serving Sussex & Northern Warren County

I have a 3 1/2 year old daughter. When I found out she was on the way, I knew that I had to man up. I went from being a 17-year-old kid sitting on a couch, to working all kinds of jobs, from construction to being a line cook under a head chef in a fancy restaurant. I made more than $100,00 before I turned 22, but I had no high school diploma.

I knew I was a smart person. I just had to figure out how to make it all work. I started getting a high school diploma online. I heard about this program and now I'm trying to finish this piece of the puzzle and move on to bigger and better things.

I want to pursue a career in aviation and be a commercial airline pilot. The best thing about this program is the opportunity to be yourself, explore your dreams and fulfill your potential.
